## BUSINESS OPPORTUNITIES IN THE SOFT AREA

The ideal completion for an existing track with little space required:

- a) 4,5 x 4,5, **twenty square meters** and you can use **four rides**;
- b) 3 x 3, **nine square meters** and you can use **two rides**.

The ideal choice for a new track, **low starting investment and great return**.

- a) Involve **PRE-SCHOOL CHILDREN**, aged from three to five years;
- c) An early start for the little **KIDS** means more rides in the future;
- d) **MOMS** will be happy and relaxed watching all their children riding safely;
- e) Sensors prevent front bump;
- f) The **LITTLE CHILDREN** immediately enjoy the ride thanks to our “HEAD TURN” system.
